

Sweet Potato Casserole

Sweet Potato Casserole is an excellent way to use left-over chicken or turkey, and adds some vegetables to make a round, filling meal for minimal costs. Sweet potatoes and beans will both keep for ages, and can be kept on hand to extend every chicken dinner to the next night.

Ingredients

- 3 large sweet potatoes, cooked and mashed
- 2 cups black beans
- 1 cup shredded cooked chicken
- 1 cup cheese (typically cheddar)
- 1 can enchilada sauce

Directions

Step 1 – Mix everything except the cheese in a large bowl. Place in a greased 8*12 inch pan. Add grated cheese on top. Cover with foil and heat at 325°F until the cheese melts.

Step 2 – If crunchy cheese is desired, remove foil and heat for an additional 5 minutes.
